Technical Delegate's Report

Car 30, driver Liam Lawson, was in breach of the minimum MGU-K power requirement just after crossing the line on his fastest lap in Q2 at 15:47:36.

This is a breach of Articles C5.12.6 and C5.12.7. The driver maximum power demand and the electrical DC power of the ERS-K were reduced at greater rates than what is permitted by the Regulations.

I am referring this matter to the stewards for their consideration.

Jo Bauer
